# Chiropractic Health Service

Do you want the best health service in the world? If you are suffering from some disease which the medical profession could do nothing for, do not fail to come to my offices and receive free consultation and spinal analysis. The cause of all disease is traceable to the nervous system and 95 percent of the trouble is at the spinal column where the nerves are impinged by the small bones of the spine.

FOR YOUR NEW HOME

Our Goods is Handled by Your Local Lumber Dealer

## **"Farmer's Friend"** **Your Best Bet! And Why?**

Because our company caters to the needs of your hogs and not to the contents of your pocket book. The requirements of your hogs' systems do not change with the economic conditions of the country. Why feed a "Cheap Mineral" today when a few years ago they told you that it was the high priced piece of goods that your hogs needed? Think it over? Study it over and you will see why Farmer's Friend is a recognized leader. By working with nature, we supply in our Condition Powder the roots, herbs and sodas—plus the minerals—which nature intended that the animal should have. We believe that the hard snout on the hog's face was put there for a purpose. That purpose was to root for nature's elements in old Mother Earth. It doesn't pay to try to attempt to promote the growth and welfare of your hogs by putting them on the "Rock Pile." In other words a straight Mineral Mixture cannot be expected to give the results of a Condition Powder. True economy is something more than price cutting or quality cutting. Let us share your problems with you! Address
