EMERGENCY CALLS

Don Mudgett, mgr

FIRE (to report a fire).....Dial 4381

Federal Bureau of Investigation—Omaha, Nebr. (Toll Call).....WEbster 8118

TELEPHONE SERVICE CALLS

For assistance in calling

To make a Long Distance Call

For numbers not listed in the directory

For business transactions with the Telephone Company.....

.....Dial "O" ask for "Business Office"

To report a telephone out of order.....Dial "O" ask for "Repair Service"

Telephone bills may be paid at Henry's Fountain & Sundries, 112 1st Street W., or the payment may be mailed to the Northwestern Bell Telephone Company at Cedar Rapids, Iowa. If no answer is received on calls to the Operator "O", notify our agent, Henry's Fountain & Sundries, 2321.

USE OF THE DIAL TELEPHONE

Obtain the correct number from the directory.

Listen for "dial tone", a steady "humming" sound.

Dial carefully — allow the dial to return automatically.

A "burring" sound heard at regular intervals indicates the bell of the called telephone is being rung.

A "buzz-buzz" sound will be heard when the line is in use.

Use of Party Lines. If the first three figures in the number you are calling are the same as those in your number, the telephone you wish to reach is on the same line. On calls to parties on your line, **first listen for dial tone**, then dial 9, then the last figure in your number and the last figure in the number of the called telephone. For example, if number 2345 wishes to call 2346, you would dial 956. Immediately upon dialing, hang up the receiver to permit the bells to ring. Your bell will stop ringing when the called person answers. When no answer is received, remove the receiver for a few seconds and replace it to stop your bell from ringing.

Telephone Recording Signal. A short high "beep" tone heard at 15 second intervals indicates your conversation is being recorded. The signal is provided by the telephone company for your protection. If you do not want your conversation recorded ask the person with whom you are talking to disconnect the recording machine. Use of a recorder without a signal is unlawful.

LONG DISTANCE CALLS

To Make a Station-to-Station Call —

Give the "Long Distance" operator the name of the town and the telephone number or street address of the person whose telephone you are calling. A station-to-station call is one on which you will talk with anyone available at the telephone called. Charges begin when the telephone called has been answered and are based on an initial period of three minutes. Station-to-Station calls cost less than Person-to-Person calls.

To Make a Person-to-Person Call —

Give the operator the town, the name of the person you want, and his telephone number or street address. Charges begin when the calling person speaks to and receives a response from the called person and are based on an initial period of three minutes.

Reduced Rates are in effect between 6 P. M. and 4:30 A. M. each week day and at all hours on Sunday on calls for distances of about 50 miles or more. The minimum reduced rate is 35 cents for Station-to-Station calls, and in general, 50 cents for Person-to-Person calls.

To Reverse the Charges notify the operator when you place the call to ask the person you are calling if he will pay the charges. There is no extra cost, except on Station-to-Station calls of 20 cents or less for the initial period which take a higher rate when sent collect.

CEDAR RAPIDS BLOCK COMPANY

Dial 3-2657

650 TWELFTH AVE. S.W.

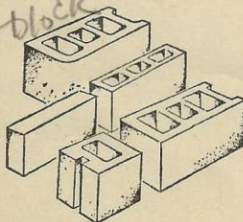

CEDAR RAPIDS

DUR-O-WAL

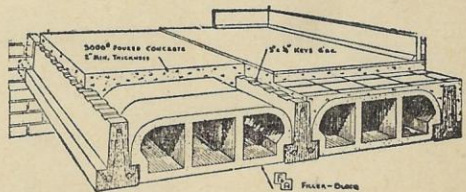

patented steel reinforcing which gives masonry walls a backbone of steel.

LITE-CRETE and CONCRETE BLOCK

Lite-Crete is light-weight, self-insulating and sound resistant. Cedar Rapids Block is vibrated, steam-cured, economical, uniform. Both Lite-Crete and Concrete available in complete line of sizes and shapes.

LITH-I-BAR concrete joist. Light-weight, reinforced for safe, economical, fire-safe construction.

F & A Precast Concrete FLOOR and FLOOR SYSTEMS
Economical, flexible, fire-safe. Adaptable in any finish, both floor and ceiling.

THOROSEAL

to fill and seal masonry surfaces. Ideal for interiors and exteriors.

QUICKSEAL, available in lovely colors for a beautiful finish.

KEMIKO concrete stain is not a paint, but a dye to give permanent beauty to all masonry surfaces.

REDDY
KILOWATT®

Your Electric Servant

Working Together
for Community
PROGRESS

**IOWA ELECTRIC
LIGHT AND POWER**

Company

Blue
Blazes

Your Hard Working
Gas Servant

Everyone wants his community to be a better place in which to live. And to gain that end, it takes a lot of work by public spirited citizens. As a tax-paying citizen who supplies your community with electric and gas service, Reddy Kilowatt and Blue Blazes want to offer a helping hand. If it's helping influence a manufacturer to locate in the community, or helping with a program of some sort, let Reddy Kilowatt and Blue Blazes know about it. They'll come up with something tailored to your needs.
